PROFILE

A web developer and designer with a passion for creating clean, modern, and functional websites and web applications. I specialize in front-end development, crafting responsive and interactive user interfaces using HTML, CSS, and JavaScript. When I'm not coding, gaming fuels my creativity and problem-solving skills.

EDUCATION

BSCS - Bachelor of Science in Computer Science

Tangub City Global College

Focused on web development, programming fundamentals, and software engineering practices.

WHAT I BRING

Front-end development

Semantic markup, animations, clean interactive interfaces.

Responsive design

Mobile-first, adaptive layouts that scale on any screen.

Web apps & APIs

Dynamic functionality, REST integration, async workflows.

Version control

Git branching, collaboration, and deployment.
